MEMORANDUM FOR AKWG

FROM: AKWG/CC

SUBJECT: POV Use During Ground Sorties

1. POV's are approved for use on ground sorties. This letter IAW CAPR 77-1 1-8 para b., constitutes approval for the Incident Commander to allow CAP members to employ POV's during routine ground sorties such as UDF and short duration Ground Team missions when the use of a COV would incur a significant delay in response.
2. POV owners claiming fuel during missions must meet the same standards for receipts and requirements as are required for COV usage IAW CAPR 173-3.
3. Ground Team Leaders and UDF team drivers will fully complete the Ground Sortie Vehicle information prior to driving their POV on a UDF/Ground Team sortie during a CAP mission.

CARL L. BROWN Jr., Col, CAP
Commander
